

## Mauricio Vega: The new General Manager for Autopistas del Café

After a rigorous selection process, Mauricio Vega was appointed as the new General Manager of Autopistas del Café; a road concession in the coffee region with Odinsa's majority shareholding.

Vega will be linked from July 23<sup>rd</sup> and will continue with the successful management Luis Guillermo Velasquez performed. After working for 7 years as the General Manager of Autopistas del Café, Luis Guillermo leaves the company due to age requirement policy established by the organization in the Good Governance Code.

*"We want to thank Luis Guillermo for his valuable management, commitment and dedication during these years. Undoubtedly, he has left a big mark contributing positively to the development of the coffee region. A new chapter is opened with Mauricio's participation in which we hope to continue contributing to the region connectivity with new construction projects and an enhanced operation"-* affirmed Mauricio Ossa, president of Odinsa.

Vega comes from presiding over the Chamber of Commerce of Pereira for more than ten years. He was the General Manager of American Assist Colombia S.A. and the CEO for the same company in Madrid, Spain, among others. He is a Lawyer from Universidad Javeriana de Bogotá, he did a major on Administrative Law and a Magister in Business Administration on the same University. from the same university.
